Dale Rogers
3539 East Green Hills Drive
Sandy, UT 84093

Dear Mr. Rogers:

RE: ML 45536 Building Stone/Limestone
S/027/033 Millard County

In 1992 you submitted a notice of intent to commence mining upon approximately one acre of land under the above numbered state lease. Division files do not indicate that final approval was ever given for this project. I am writing to advise you of division requirements pursuant to your proposed plan of operations.

1. A cultural resources survey of the lands to be disturbed must be completed by a qualified archaeological consultant.
2. A reclamation surety bond of \$5,000 must be posted with the division, using the enclosed surety bond form. The Surety must be registered in Utah. Alternatively, you may post a \$5,000 short term renewable time certificate of deposit with a Utah Banking institution, providing the division is listed as a joint owner of the CD.

Please submit the above requested items within the next 30 days if you still desire to pursue this project. Otherwise, your notice of intent will be deactivated and it will be necessary for to renotify the division at lease 60 days prior to commencing any operations upon the leasehold.

Thank you for your cooperation. Please contact me if you have any questions.

Sincerely,

JOHN T. BLAKE
MINERAL RESOURCES SPECIALIST
